Throng Enjoyed Community Picnic at El Monte Park

Approximately 350 persons attended the Lemon Grove Community picnic at El Monte Park on Sunday. It was typical of all such picnics—a hot day, lots of games and contests, music, dancing, cool drinks, good food and of course the inevitable ants.

C. F. Baxter was the busy chairman of the committee, assisted by Bob Johnson and Bob Murphy Business Men's Club; Clarence Milbrodt, Noble Herricks, L. L. Hunter and Richard Farris, Lions Club; Mrs. C. F. Baxter, Mrs. Andy Skaggs and Mrs. Jack Sanders, Business Woman's League. There were many other unofficial but willing workers also.

From all appearances, it was a very successful affair and every one enjoyed being there, especially the following prize winners: Grand prize, a basket of groceries—Mrs. Fred Michels.

Egg throwing—P. Chapman, R. Henderson, Sanders, Milner.

Pie Eating—Eugene Davis.

Shoe Scramble—Jerry Milner.

Log Rolling—Vivian Bey.

Relay Sack Race—Charles Henderson.

Balloon Busting—Emma Lou Henderson.

Sack Race—Mimie Johnson.

Cigarette Rolling—Don Ellis.

Rolling Pin Throwing—McAlister.

Hat Making—Agnes Pezema.

Even though the day was hot, with the sun sizzling down on both players and fans, the base ball game high lighted the picnic.

This much talked of game was played between the Lemon Grove VFW and the Lion's Club, with 'dem burns' knocking out the 'growing' or was it 'groaning' Lions 10 to 7.

There was a good rooting section to spur them on to victory.

The Monday morning sales on liniment must have been pretty good too.

In the VFW line-up were: 'Bucky' Henderson, Roberts, Gildard, Chapman, Skaggs, B. Henderson, Bob Johnson, L. Hunter, Farror, Bowman, P. Capron, P. Vantresca and a good reserve.

The lions—C. F. Baxter, Noble Herricks, Richard Farris, L. L. Hunter, Clarence Milbrodt, John Hill, Hibbs, Schnick, M. H. McCrary and Byers.

Hunters Invited to VFW Gun Club

On Tuesday evening, the VFW Gun Club will present the second in a series of talks for deer hunters. The speaker will be Dewey H. Wallace of Chula Vista, well known commercial hand loader. His theme will be "Deer Rifles and Deer Cartridges."

The meeting will open at 8 o'clock in the VFW Hall on Imperial. All members of the club are urged to be present and all others interested are cordially invited.

No one knows better the value of human life than the veterans. One of their objects in presenting these programs is to help cut down the mortality rates among hunters. The fatalities last year were appalling, and hunters attending these meetings may, through practice of the advice given, save their own lives or others.

H. L. Jensen, Jr., is president of the Club and he extends an invitation to all hunters, gun enthusiasts and target men to join the Gun Club. Any one who joins automatically becomes a member of the National Rifle Association. Refreshments will be served following the program.

Former Resident Writes of Hospitality in Colorado Springs

The many friends of Mr. and Mrs. James Constable, of Colorado Springs, Colo., who formerly lived in Lemon Grove, will no doubt be interested in excerpts from an interesting letter received by Mrs. Charles Whitlock recently:

"You asked me to write telling of the life in Colorado Springs as compared with Lemon Grove.

"They do make a concerted effort to welcome newcomers to Colorado Springs in a way that is very helpful. There is a Welcoming Service here. A hostess from the organization calls at the doors of newcomers with a booklet describing points of interest in the Pike's Peak region and cards from various businesses with offers of gifts to the bearer who visits the store, such as a cake and coffee at the bakery; \$1.00 gift on a bill of groceries; six light bulbs at the Electric Center, etc.

"You are urged to call upon the hostess if there are any questions concerning the schools, churches, public utilities, etc., that you need to have answered.

"Some time ago a full page ad. appeared in the Gazette entitled 'Newcomers—Welcome to Colorado Springs' and our name appeared in a list of 13 of 'This Week's Newcomers.' We were urged to take a coat or dress to the Cleaners to be cleaned free. There were free theatre tickets, a free luncheon, etc. This kind of advertising did much to acquaint us with home town businesses and

Postal Department Asks Corrections in Mail Addresses

The employees of the postoffice are asking the co-operation of the public in changing the addresses on their mail to conform with the recently adopted numbering system for the Lemon Grove postal area.

If the mail you receive does not have the correct house number, and you receive your mail by carrier, the postoffice requests that you notify your correspondents and publishers of your correct mailing address.

Box holders at the local office are likewise requested to notify their correspondents and publishers to address mail to the correct box number, to facilitate handling the distribution of mail locally.

Postmaster Faucher states that his office has on hand a supply of the proper forms for this purpose. All you have to do is to ask the window clerk for Form 22, or notice to publisher. Carriers also have them. If necessary he will gladly help you fill it out.

The carriers are asking for your co-operation in keeping the area adjacent to your mail box free from rubbish and garbage cans. This will speed up delivery of mail.

Also do not park your car in front of the mail box or near it in such way as to interfere with access to box.

The employees of the postoffice feel that they can give you the kind of service that you desire if you will co-operate in these small matters.

Water is the life-blood of any community. To maintain itself, Southern California is dependent upon water from far away sources. Water pumped from local wells nowhere near supplies the demand of the more than six million people residing south of the Tehachapi. San Diego county was fortunate in getting Colorado river water at a time when a serious shortage threatened this area. Because we are getting such water supply, however, is no reason for wasting our precious water. The time is coming in Southern California when we will be prohibited to use water on lawns and in other ways that are now considered necessities. During the water shortage in Santa Barbara last year some people in the Los Angeles area were conserving on their water, and Mayor Bowron issued a statement in which he said that Los Angeles users were not depriving anybody of water, leading people to believe that they had plenty. He should not have done that. People should conserve this great natural resource against the time when it will be sorely needed. The California-Arizona water question has not been settled as yet. Arizona is entitled to its share of water, there is no question; but the people are here in Southern California, and they are entitled to first consideration.

The voters of the Eightieth Assembly District will be called upon to elect an assemblyman at the special election to be held November 8. This is a non-partisan election—that is, the candidate receiving the highest number of votes is elected. It is a primary and election all in one. The Eightieth District is entitled to the best there is in representation, so we hope that the man best qualified for the place is elected. The assemblyman should be a man who

STRAWBERRY CIRCULAR NOW AVAILABLE

"Growing Strawberries in the Home Garden" is the title of the new circular No. 151 put out by the University of California Agricultural Extension Service. E. C. Moore, San Diego farm advisor states that a supply of this publication is being ordered for local distribution, and single copies may be obtained free of charge upon request at the farm advisor's office, Room 404, U. S. Customs Building, San Diego.

AVOCADO DAMAGE BY CATERPILLARS

Avocado orchards in many locations of the county are experiencing more than usual amounts of damage to foliage and young fruit by one or more of the common leaf-chewing pests. The amorbis and omnivorous looper are principally involved. Farm Advisor E. C. Moore cautions avocado growers to be on the lookout and to be ready to apply spray to control this pest when infestations are observed, before serious damage develops.

The local district inspectors of the County Agricultural Commissioner's Office should be contacted on questions of identification and spray formulas.

Generally, the treatment used for this condition is an aqueous spray of DDT and wettable sulphur, similar to the formula us-

can get an over-all picture of the State's problems, take a stand for what is best for the greatest number, regardless of cliques, factions or groups; decide he is right and refuse to be swayed by pressure groups of any kind.

Rent control as now operated would be a joke if it were not so serious for the landlords, and in some cases for the tenants. Congress, lacking the intestinal fortitude to pass a bill that would be fair to the tax overburdened landlord (there being so many more tenants) passed the buck to the States, counties and cities. Where decontrol has been undertaken in most instances, the proponents have succeeded in getting the yoke off the necks of the landlords. Both tenants and landlords are entitled to fair treatment. Too many tenants are getting rent far below the cost of maintaining the property and far below what it would cost them to own a home. But at the same time some landlords are gouging tenants on property that never was under the ceiling. Consistency, though, is a jewel.

Ever bet on a horse, see him take the lead right from the starting gate, wind himself before reaching the half way mark and then come in last? Candidates for public office sometimes do the same thing. Stassen, for instance, in the 1948 pre-convention campaign, looked like a winner early in the summer. But mistakes in Nebraska and the Portland debate with Dewey caused him to fall by the wayside and he was out of the running when the Republican convention opened. Now dopesters are trying to pick the standard bearer for the Republican party in 1952. If the candidates are smart they will shy off as long as possible before the opening primaries two years hence. The race is not always to the swift.

Lemon Grove people are going to get the first use of the new Community Center on Saturday evening, August 6, when the civic organizations sponsor a dance there. The people of this community will get much enjoyment from the Center over the years. It will be a big asset.

This may come as a surprise to many people. Dr. Elmer T. Clark, editor of World Outlook, a Methodist publication, finds that Pennsylvania leads in the number of religious bodies, with Ohio second, followed by New York and Illinois. California wasn't mentioned!

usually used a little later than this in the summer season for the control of thrips and brown mites in avocados. The formula is comprised of one to two pounds of wettable 50% DDT powder, and two pounds of wettable sulfur to 100 gallons of water. Slight modifications of this formula may be advisable for different locations and conditions.

SELECT CONVENTION 4-H CLUB DELEGATES

Jeanette Rice and Richard Laabs of the Hillside 4-H Clubs have been selected by the club membership to represent them at a 4-H convention to be held in September on the campus of the College of Agriculture at Davis, according to Miss Alma Carlson, assistant home demonstration agent of the University of California Agricultural Extension Service.

Jeanette Rice has completed four years of successful 4-H Club work. Her projects have been clothing, gardening and food preservation. Richard Laabs has completed five years of outstanding 4-H Club work. Richard has had gardening and poultry projects.

Approximately 1,000 4-H delegates from counties throughout California will attend this convention. The program will include talks and demonstrations by prominent scientists and teachers. The delegates will spend one day at the State Fair in Sacramento.

CALIFORNIA LEADS IN TURKEY PRODUCTION

The average gross income to California turkey growers in 1948 was \$9.60 per head. Assistant Farm Advisor R. H. Adolph, University of California Agricultural Service, says this is a record high. Producers of hatching eggs also had a profitable season. They received an estimated average of

33.8c per egg compared to 23.6c in 1947. California is still the leading state in turkey production. This is especially significant for 1948 since production decreased in some of the other leading states. Even the national production declined nine percent.

In 1948 there was a good demand for turkey eggs. Growers kept their breeders longer than usual and therefore got more hatching eggs per hen. This increased production of eggs and the smaller egg and poult shipments made the large turkey crop possible.

The average liveweight of birds sold during 1948 was 20.6 pounds. There has been a very strong demand for hatching eggs and poult so far this year. Present indications are that the 1949 turkey crop will be even larger than that of 1948.

PROTECT SWINE FROM BRUCELLOSIS

Brucellosis in swine may exist in a herd without the owner's knowledge, warns F. W. Dorman, assistant farm advisor, University of California Agricultural Service. Many times a bred sow, bought from what appears to be a clean herd, can spread disease from herd to herd.

Unfortunately there are no reliable symptoms to detect brucellosis. The most common symptom is abortion, or the birth of still-born or weak pigs. Lameness and stiffness may also accompany the disease. The only sure method of discovering the disease is to have blood tests made by a reputable laboratory.

Dorman advises farmers to protect their herds from becoming infected with the disease. He suggests keeping all newly purchased stock, even if it appears to be healthy, away from the rest of the herd until they have had two negative blood tests at 30 to 60 day intervals. Keep bred sows in quar-

antine until after they farrow and have had two blood tests for brucellosis. If infected animals are found, isolate them. If they have had abortions, clean and disinfect the houses and pens with a three percent compound cresol (U.S.P.) or two percent lye solution.

Duel in the Sun Coming to Grove

One of the greatest motion pictures which Hollywood has produced is David O. Selznick's long awaited Technicolor production, "Duel in the Sun," which comes to the Grove Theatre on Tuesday, Wednesday and Thursday.

Told against a background of Post-Civil War Texas, the screen play was written by David Selznick as suggested by Niven Busch's novel. Directed by him, Jesse McCauley, an idealistic gentleman.

Other important roles are taken by Lionel Barrymore, Lillian Gish, Herbert Marshall, Walter Huston, Charles Bickford, Otto Kruger, Joan Tetzel, Butterfly McQueen and Tilly Losch.

Costing a fortune to produce, "Duel in the Sun" was over three years in the making and had 6,000 extras. The superb orchestration heightens the enjoyment of the picture.

HAPPY BIRTHDAY TO BILL

Bill Vaughn, son of Mr. and Mrs. Kenneth F. Vaughn, 8540 Troy street, will observe his twelfth birthday Saturday with a theatre party and picnic. Nine of his cousins will be present—Robert, Jean and Larry Jordan, Luana and Carolyn Roberts, Mary Ann and Betty Lou Harnetty, Bill Cook and Eugene Vaughn; also, Jean, Marcia, Alan and Stephen Batchelder, and Mesdames William Warner, Earl W. Gray, Robert E. Roberts, Raymond Vaughn, Marian S. Batchelder and Kenneth Vaughn. A special feature will be the large cake decorated with a baseball diamond, complete with nine players, sugar lump bases, candy back stop, and a cookie bench. This unusual cake will be made by Mrs. Batchelder and Mrs. Vaughn.

VISTA LA MESA BOY SCOUTS

Troop 153, Vista La Mesa Boy Scouts, has just returned from a week's camping trip at Camp Hual-Cu-Cuish and El Burrito Outpost. They checked into the camp and took donkeys for the trip to the outpost. They traveled over rugged mountain terrain and in some places blazed their own trail. They camped for a week, doing their own cooking and cleaning. They also did a lot of swimming and hiking.

The Scouts were accompanied by Scoutmaster A. C. McGue. In the camping party were D. Hopper, J. McGue, D. Dennison, G. Schlieff, D. Schlieff, J. Pratt, R. Sly, S. McAloney, R. Margetts, R. Stull and E. Beers.

The county road department crew has been grading and oiling some of the Lemon Grove streets this week. This adds much to the appearance and comfort of the city with the finest climate on earth.

The Family's Favorites

POTATO REFRIGERATOR ROLLS

1 c yellow cornmeal 2 t salt
1 1/2 c warm water 1 c mashed potatoes
1-3 c shortening 1 egg
1/4 c sugar 7 c sifted flour

Cream shortening in mixing bowl. Add 3/4 c warm water to yeast, let stand while creaming shortening and sugar. Blend in mashed potatoes and slightly beaten egg. Add remaining warm water and yeast mixture. Add flour a little at a time.

Knead dough until smooth. Place in mixing bowl, cover and keep warm. In two hours take out what is wanted for today's rolls and put the remaining dough in refrigerator tightly covered. Will keep for 2 or 3 days.

When fresh rolls are desired: Remove the dough from refrigerator. Cut off amount wanted and return rest to refrigerator. Let dough you have cut off remain in a warm room to "come back" about 2 hours before shaping into rolls. This is important. Bake at 400 deg. in a preheated oven for 25 minutes.

ICE BOX COOKIES

1/2 lb butter 1 t baking powder
1 c brown sugar 1/4 t soda
1 egg 1/4 c nut meats
1 1/2 c flour 1 t vanilla

Cherries, dates, etc., cut in small pieces may be added. Cream butter and sugar. Sift dry ingredients, add egg, beaten lightly, nuts, etc. Roll in waxed paper. Slice and bake as needed, at 350 deg. for about 15 minutes.

TAMALE CORN PIE

1 can tomatoes, strained 1 c yellow corn meal
1 can corn 2 T chili powder
2 eggs well beaten 2 T melted butter
1 c canned milk 1 t Lea & Perrin sauce

Mix together, put in greased dishes. Bake 1 hour slowly.

3 T butter melted. Add 2 T flour. Make paste and add 2 cups milk. When cooked smooth add one-half can tomato sauce.

ACTIVITIES
in and Around Lemon Grove

By MARGE ELLISON

All the horsemen are really in the swing of things, as never before has there been so many colorful parades and events. Horse show season started off with a bang and is gaining momentum. A good indication is the large turnout of riders—horses sleek and trim, riders arrayed in striking costumes, snappy programs entertainment for all. From the Fiesta de la Luna last week to the Mission de Alcalá Fiesta—they were tops! An estimated 3,000 people witnessed the 180th anniversary of the Mission's founding by Father Junipero Serra, with

a five mile parade through Mission valley, beautiful awards, exhibition of blue-ribbon horses and fine horsemanship. The Spanish motif prevailed. The prizes: Best ladies' western costume Jeanne Luptin; best men's western, Dr. H. L. Gurney; best girl's western, Mary Jacobs; best boy's, Ted Gildred; best clown, Randyln Crosby; best parade horse, Shelby Martin; best silver equipment, Walter Church; Spanish costume, W. J. Minor; Indian, Joe Galvin; horse-drawn vehicle, J. F. Smith whose grandfather raised the first American flag in California; depicting the early frontier, Elva Harder, and for the best Arabian costume, Kendrick Kellogg. Six riding groups, with their colors were represented; Rock 'N Ride Bar-O, the Escondido Sheriff's Posse, the Convair Riding Club and the Palomar Riders. There were many individual exhibitions of blue-ribbon winners and special presentation of the various breeds of horses, with explanation of characteristics, uses and fine qualities. Erwin Schroeder of Escondido, was on hand with Diamond Duke, the performing horse you ever saw. He loves to do his stuff.

All you Lemon Grove horsemen—your big moment is approaching—the big parade in connection with the Lemon Grove Powow. Detail and program next week.

The new Southland Equestrian Journal has been well received. Compliments galore are rolling in to the office, 7882 Broadway—and each mail brings a deluge of subscriptions, and horsemen dropping in through the day and evening. Office is open evenings for horsemen to hash over news and visit. Thanks, folks, the magazine will be bigger and better and your co-operation solicited for news, pictures, announcements, etc.

Saturday the Lakeside "Days of '49" will stage a parade and invite all the horsemen and their groups to participate to make it a successful affair. There will be awards for 30 parade classes which cover everything from

comic rider, the youngest and the oldest, best silver, western etc. Entries should be made by July 21—telephone Hilldale 4-3458. Riders are to meet at Lakeside Rodeo grounds at 11 a. m.

On Sunday July 31, Vista-Palomar Riders, Inc., are putting on a big Gymkhana at Hanna Field, in Vista. There will be 12 events four of them for youngsters. They report some mighty good events planned. They promise plenty of trophies and ribbons and predict this will be their best show yet.

Another interesting affair for this week end is the Third Annual Horse Show and Polo Matches to be held at Rancho Santa Fe on July 23 and 24.

Horsemen don't need to be concerned about nothing going on. Their worry is—how many of them can they find time to attend!

Junior Choir on Trip to Balboa

The Junior Choir of the Congregational Church enjoyed a picnic dinner at Balboa Park Saturday. The afternoon was spent in playing softball and watching the Soap-box derby. Cars were driven by Wally and Grace Toomire.

Those enjoying the trip were Barbara Bates, Rosemary Blalock, Joyce and Jean Dunford, Beverly Henderson, Barbara Koopmans, Valerie Loustalet, Judy Phillips, Linda Lou Stinson, Shirley Taylor, Donna Vogler, Linda Young, Lyneva Bartholomew, Linda Leach and Phillip Toomire.

The Junior Choir meets to practice every Wednesday at 2 p. m. and invites anyone for a tryout who would like to sing with them, or call H6-6849 for more particulars. They sang at the church services Sunday and at a dinner Tuesday evening at the church.

Barbara Koopmans was presented a nice gift for perfect attendance.

Library Notes

Story hour on Thursday at 11 a. m. is proving very popular with the Small Fry. There were 45 in attendance last week. Pins for having completed five books were given to Robert Ellis, Bobby Sunbury, Charles Beistline, Jerry Bemis and Gary Greenlee.

In the older group Billy Vaughn and Sally Thibonnet are leading the seventh graders; Monty Dickinson and Joan Manchester, the sixth graders. The eighth graders are all running neck and neck.

If you are not a patron of the Library, you will be pleasantly surprised at the large selection of books that are available for your pleasure.

Brownie Scouts Training Program

There will be an On-the-site Training program for unit leaders and assistant leaders for Brownie Day Camp, July 21 from 9:30 a. m. to 2:00 p. m. in Eucalyptus Park. Each one is to bring a sack lunch. All leaders are requested to bring their crafts and materials on the Netherlands theme. Leaders with small children may bring them.

Registration quotas are being met but there are a few openings left. Registrations may be sent to Mrs. Guy Winton, 2065 El Dorado drive, H6-1056. Day Camp fee is \$2.00 for the two weeks' session.

Anyone interested in helping in Day Camping is invited to participate. Call the director, Mrs. Arnold Smith, H6-5294 for further information.

Newcomers Made Welcome at Picnic

No doubt one of the nicest parties in Lemon Grove, for a long time, was the Friendship Party held Friday evening, when the neighbors on Acacia street went

to Colier Park for a weenie roast picnic. After supper they sat around the fire and sang songs. Everybody became acquainted with his neighbors and all were happy because they had made new friends.

Those included were Mr. and Mrs. Stuart and son, Mr. and Mrs. Crafton and son, Mrs. Zarworski and daughter, Mr. and Mrs. Muzzy and son, Mr. and Mrs. Podsznik and son, Mr. and Mrs. Haase and two daughters, Mr. and Mrs. Cole and daughter, Mr. and Mrs. Eldridge and son, Mr. and Mrs. Green and two daughters, Mr. and Mrs. Hoffman and daughter, Doc and Mrs. Brassington and son, Mr. and Mrs. Whelan and two daughters and son, Mr. and Mrs. Dansky and two guests, Mr. and Mrs. Johnson and Mr. and Mrs. King.

Howard Christman, camp executive, assisted by a county-city staff.

Girl campers of elementary and high school ages will attend the County Girls' period from August 19 to 26. The periods are open to all local boys and girls interested. Camp information will be sent on request by calling the Camp office, Franklin 3175.

Reports to Thomas indicate health conditions at camp to be excellent.

Bob Coffin, 7247 San Miguel, is attending Camp Marston during the present period, July 20 to August 4.

The County YMCA is a member of the San Diego Community Chest.

HEWITTS A BUSY FAMILY

Russell Hewitt, 1680 Skyline drive, left last week for Okingon, Washington, where he plans to fish and visit friends. He will then proceed on to British Columbia where he will do more fishing. Pat Hewitt is spending the summer with her sister, Virginia Gudmundson at San Dimas College. She is having a grand time, most of which is spent in the swimming pool. Mrs. Hewitt is working diligently on her ceramics, while her husband and daughter are away. She won first prize at the San Diego County Fair for her case of fine ceramic work, all hand modeled.
